Dear Tom & the whole 350 New Mexico & [350.org](http://350.org) Family,

The Climate Change Leadership Institute (CCLI) is proud to present you with our 2017 Direct Action Seed Grant Award in support of your efforts to bring about a 100% Renewable Energy Grid by 2040. Along with the plaque and this letter comes a seed grant which we want you to use to make progress in this critical campaign.

CCLI's latest direct action endeavor called the *C Change Project* is about connecting and mobilizing caring people to leading climate change solutions. Certainly moving to 100% renewable energy is one of the featured solutions and [350.org](http://350.org) is one of the leading organizations spearheading this movement that we direct people to (visit the *C Change Project* @ [www.takeresponsibility.us](http://www.takeresponsibility.us) to learn more).

We want to thank you for all you're doing in New Mexico and Nationwide to forward the movement for 100% Renewable Energy. Teamwork is one of the most important principles of change making and so looking forward we very much care to partner with you and help implement the vital vision for 100% Renewable Energy.

With utmost sincerity,

Robb Hirsch  
Executive Director & Founder
