

The
Climate Change Leadership Institute

December 15, 2021

Heather Karlson
New Mexico Climate Action
PO Box 8371
Santa Fe, NM 87504

Dear Heather,

In honor of your loving endeavor diligently keeping New Mexico informed about local climate action, important climate events and worthy climate related articles, we proudly present you with the 2021 Climate Education Award.

The Climate Change Leadership Institute (CCLI) gives out 6 awards per year to those who make outstanding contributions in meaningful climate solution areas. You are being awarded for climate education because of your longstanding dedication informing the public about the vital issue of climate change and ways the community can be more involved.

Your climate education endeavor in conjunction with New Mexico Climate Action is very commendable, much appreciated and more than worthy of this award. At your request and in your name a seed grant is being given to YUCCA, a youth led project of EarthCare, in support of their poignant work raising awareness and taking direct action.

Our organization, the community of Santa Fe and many beyond thank you so much for all that you do sharing information about — and encouraging leadership to address — the climate crisis.

With gratitude,

Robb Hirsch
Founder and Executive Director
Climate Change Leadership Institute
