

October 3, 2023

Dear Alejandria Lyons:

We are proud to present CCLI's 2023 Direct Action Award to New Mexico No False Solutions for educating and activating the public, for unifying several grassroots groups around a common cause, for training and supporting frontline communities and ultimately for pressing our state to enact bold and empowering climate solutions.

We appreciate your mission of not tolerating watered down policies or greenwashing or corruption in the face of the urgent crisis that is man made climate change. We appreciate your clarity that we need to phase out fossil fuel energy from our economy immediately instead of waiting decades. And we appreciate your growing coalition which includes the Pueblo Action Alliance, YUCCA, New Energy Economy, Southwest Organizing Project, Los Jardines Institute, Indigenous Lifeways and Earth Care.

Your objective is critically important: "to mobilize a united grassroots and frontline movement against false climate solutions in New Mexico and beyond." Your methods of teamwork, direct action and civil disobedience are equally powerful and vital.

We want you to know that we stand with you in solidarity and we encourage as many individuals and groups as possible to join the movement at <https://www.nofalsesolutions.com/take-action>.

With gratitude,

Robb Hirsch  
Founder and Executive Director  
The Climate Change Leadership Institute
