

Climate Change Leadership Institute (CCLI) is a local non-profit focused on these endeavors: **energy conservation & climate justice** (by weatherizing low income households in northern New Mexico), **clean power & green transportation** (by pushing for 100% Renewable Energy & the transition to electric vehicles), enacting a **carbon fee & dividend** nationally, statewide & locally; **sustainable agriculture** (by partnering on the NM healthy soils initiative, Head Start gardens & carbon ranching project), **youth leadership** (by supporting student climate action clubs, our paid student internship, the Art of Climate Justice plus the environmental science scholarship endowment) & always **teamwork** (by giving annual seed grant leadership awards).

To support these programs CCLI joins forces with the community to put on **Our Annual Fall Event** - which includes a Family Bike Ride, a Leadership Luncheon & an Outdoor Challenge - together encouraging local climate action. The Fall event serves as our one and only fund raiser of the year. Every dollar donated is matched & the total money raised goes directly (with zero overhead) to **advance climate leadership solutions here in New Mexico**.

Become a CCLI Sponsor/Event Co-Host at one of these levels:

CREEK LEVEL: \$150-\$249 (comes w/ 2 tickets to the event which includes lunch, beer & wine at Tesuque Village Market, CREEK listing on email blasts, giveaways & banner, 1 raffle ticket);
